Developing a walking culture
Walking in Whitehose
Loop Trails in yellow, orange
July 4
prototype
Legend: Lines
Wide yellow line is City of Whitehorse boundary
Thin red lines are power lines
Thin blue lines and blue areas are streams and wetlands
Medium black line is White Pass & Yukon Route rail line
Thick red lines are the motorized routes authorized by City atv and snowmobile by-laws
Cyan/turquoise lines are winter ski club trails requiring a paid WCCSC pass. When crossing, don't step in the tracks. Trail names are in cyan/turquoise. Free public use at other times of year.
Thin orange lines are official city trails; however, they are only usable by ski club pass holders for snowshoeing or skiing in winter. Free public use at other times of year.
Chadburn Lake ski trails are free, community-use, red, blue, green and yellow. Avoid walking in tracks.
Thick bluish-green lines are paved city trails or sidewalks. Most sidewalks are not marked.
Medium thick bluish-green lines are public right-of-ways in neighbourhoods.
Purple lines are trails to be developed or paved by the city. These purple trails are not necessarily routes at present; rather they are for the city and community groups to plan possible future paths and sidewalks.
Thick and thin green lines are public trails, both official city and others. Thick lines are sometimes official city trails; mostly I use them to highlight distance marking or loop trails. Trail names are in yellow.
